Dear Parent/Carer

iRIS Connect

I am writing to provide you with information concerning our latest investment in your child's education. We are fully committed to providing the highest level of innovative and inspirational Learning and Teaching possible at St John Plessington. To meet this commitment it requires all our teaching staff to be invested in reflecting and developing their practice in the classroom as a central part of their professional role.

To facilitate this we have purchased *iRIS Connect* which is a package that will enable teachers to video record their teaching in a structured manner, watch and reflect upon their impact on the learning taking place, in order to enhance outstanding teaching and delivery.

Parents and carers who have already expressed that they have not given permission for their child to be filmed can be assured that any recording will only be used internally for staff development, is password protected and will not be shown or published externally.

If you would like to find out more about *iRIS Connect*, their website provides an excellent overview:

www.irisconnect.co.uk

If you have any further questions about this initiative or any concerns please do not hesitate to contact me at the school.

Thank you for your continued support.

Yours sincerely

Ms D Cain
Assistant Headteacher
