Bake Off Competition

A massive thank you to all pupils who entered this year's Bake Off! We had an astounding 40 entries, with cakes ranging from boats to bonfires!

In particular we would like to thank Year 7 who stole the show with their level of skill and creativity. Winners will be announced later this week during assemblies. Well done everyone!

All winners will receive Vivo Points, our very own SJP Bake Off 2015 engraved wooden spoon and cook books to hopefully inspire them to do even more baking.

Let's see what next year's Bake Off will bring.

Jake Edwards is a Bowling Superstar

Jake is in year 12 and could light up the world with his talent in ten pin bowling. From a very young age Jake has been winning medals and trophies and representing Bromborough bowling club in UK tournaments. This year Jake has been given a fantastic opportunity to be part of the England Junior International ten pin bowling squad. Jake will need to train for the next few months and hopefully be picked for the Junior International team, resulting in him bowling in Iceland in 2016.

Jake is a fantastic role model and ambassador of SJP.

Lesley Brown is a Taekwondo superstar

Meet Lesley, Lesley is a Taekwondo superstar. Recently Lesley was successful in the Scottish Championships winning a Bronze Medal in the Black Belt Patterns division. Well done Lesley, keep up the good work.

Year 7 Welcome Mass

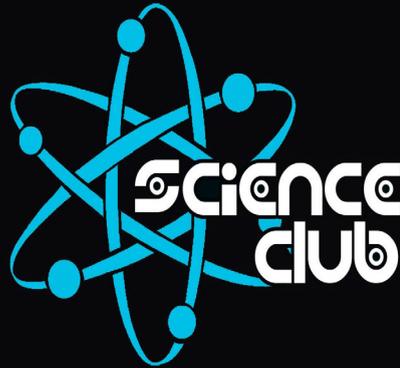

HALF TERM- 27 - 31 October 2015

Science Club gets Messy!

So far this year Science Club has built bridges, made indicator from cabbage (very smelly!) and made slime which made a lot of mess!

This term Science Club are using basic chemicals found in the kitchen to produce mayhem! Come along and see how ingredients from your kitchen could be used for Science experiments. Science Club runs every Wednesday at 3.20pm- 4.20pm in Sc2.

Coming up in Science...After half term, Science club will become STEM Club to take into account the fields of Science, Technology, Engineering and Maths. We will be working with MerseySTEM and the British Science Association to allow everyone the opportunity achieve a CREST award in Science. More details to follow.

Results

Rugby Results

Year 10/11 rugby team played in the Central Venue League on Tuesday night. They played five games in total against local schools and won all five. It was a fantastic squad effort with stand out performance from captain Joe Owens, Callum Robinson, and Cameron McGregor.

Netball Results

The netball season kicked off with four fixtures against Bebington High school. We had Year 7, 8, 9 and 10/11 represented on Tuesday 6th October.

Year 7 made an excellent debut, and they showed great attacking play with lots of chances through the game, and finished at 0-0. There are signs that Year 7 are going to be a successful team and we can't wait for the future.

Year 8 continued their success of last season, with a 3-0 win. This team are starting to gel really well and like the 7's we can't wait for more games and results.

Year 9 lost 3-1, however, with lots of new players and positions the girls are in time going to become a force to be reckoned with. The combined **Year 10/11** team played a strong Year 11 Bebington team, the score doesn't reflect the efforts of the girls, and they too lost by 2.

Language Corner

Día de los Muertos - Day of the Dead

Día de los Muertos is celebrated throughout Mexico and many other Central American countries. Día de los Muertos is a national holiday where people join together to celebrate and remember family members and friends that have passed.

Day of the Dead is one of Mexico's most important holidays, the major feature of Day of the Dead decorations is skeletons. These skeletons are usually cheerful, unlike the spooky, ghoulish masks we may associate with Halloween.

Día de los Muertos is celebrated around the time of Halloween however, the two celebrations couldn't be more different. The Day of the Dead is all about celebrating together as a family and remembering those who are no longer with us.

The first person to correctly translate the following to Miss Gascoigne wins Vivo points!

Weekly Theme 'The Word of God'

Hebrews 4:12-13

For the word of God is alive and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow; it judges the thoughts and attitudes of the heart. Nothing in all creation is hidden from God's sight. Everything is uncovered and laid bare before the eyes of him to whom we must give account.

Reflection

So how do we know how God wants us to live? How do we hear God speaking to us today? Do you know which book

beats all records for the number of copies sold and the number of languages that it has been translated into? The answer to these questions is the Bible, it is the most widely read book in the world appearing in over 1500 different languages.

For the millions of people in our world who read the Bible and live their lives by it, the Bible is the word of God speaking to them in the time in which we live.
