Music	Consideration to the ongoing BTEC assessments, and their forthcoming Component 3 exams in February, students must be practising their chosen instrument regularly.
Business Studies	Students are currently completing Component 2 of their coursework and this will be their main focus for this term. Students are creating their own Micro-Enterprise and providing a detailed analysis on how they can make their Enterprise a success in the local area. Work will be set on Google classroom so students must be completing all activities to help improve their overall grade for Component 2.
BTEC PE	Students are completing Component 2 of their PSA coursework. Students are creating powerpoint presentations surrounding rules and regulations of a team sport as well as the roles and responsibilities of officials. Students will also be creating and delivering a practical session developing a skill of their choice as well as participating in a game situation
DIT	Students are currently completing Component 2 of their coursework and this will be their main focus for this term. Students are working through Component 2 with Excel with focus on use of formulas, creating graphs and analysing data. Work will be set on Google classroom so students must be completing all activities to help improve their overall grade for Component 2.
